Notes about **Viewing Schedules** (item #5 above):

If you have a pop-up blocker on your computer, the first time you try to view a schedule, it may not open up. You will need to “allow pop-ups from this site.”

While Viewing **Schedules**, you have many options:

13) View Bus Time and Early Dismissal

14) Print schedules

15) Email schedules. Cool Tip: This sends a link with the latest version of the schedule. Don't bother to include attachments, since the link in these emails is ALWAYS the MOST up-to-date information and the recipient can then choose to print or download, or export, etc.

16) Subscribe to schedules. This will push your schedules to your iPhone, iPod, Droid, iPad, Outlook, Google Calendar, and automatically send you any schedule changes.

17) Get different views of the schedule, including the popular **Month view**.

18) Download a file of schedules to various file formats.

 **Notify Me!** NOTIFY ME! Automatic notifications and reminders

Click “Notify Me” from the main calendar screen (see #2 above).

First, choose which competitive activities you want by checking them off on the list.
